

Dear Prospective Parent,

Thank you so much for expressing interest in Ambassador Christian Academy.

ACA is a Pre-K-8th grade school that strives for excellence in academics as well as in growing the student spiritually. We are accredited by the Middle States Association of Schools and Colleges as well as the Association of Christian School International. These designations insure that we provide an academic program that maintains high standards of excellence and is staffed by qualified teachers. We endeavor to integrate our Christian faith in all academic areas and to equip our students for life and for eternity.

Christian school can have significant impact on the academic, spiritual, and social development of a child and I commend you for your concern in providing a quality Christian education for your children. My own children attended ACA from Pre-K through 8th grade. They went on to attend public high school here in Toms River, and were in Honors/ Advanced Placement classes there. They both graduated from Gordon College in the Boston area. My daughter is involved in the Boston Project Ministry, and taught in the inner city there. My son has his doctorate in Physical Therapy and practices in California. The academic excellence and spiritual training they received here at ACA was the foundation that allowed them to grow to be who they are today. I believe that this ministry has great value as I have witnessed the affect it has made on my own family.

I will be praying that the Lord will give you great wisdom and direction as you seek His will for you and your child. Please come to our Open House dates to tour our school and meet our staff, or call the office and arrange to tour the school on a date convenient for you. We would love to welcome you and your child to our school and school community.

In His Service,

Christina Hutchings
Principal
